VCAL/VET Coordinator
Mr Bernard O'Keefe

Careers Coordinator
Ms Helen Cook

Careers Assistant
Ms Paola De Simio

Administration
Mrs Vicki Xerri

INTERESTED IN ASIAN STUDIES?

BIOMEDICAL ENGINEERING

Interested in Asian Studies?

Australia National University (ANU), Canberra, has a wide range of scholarships available to assist their students studying Asia Studies to undertake overseas exchange placements.

- Click here for a full list of scholarships - <http://goo.gl/rVRAuF>
- Click here to read stories from ANU students undertaking the Year in Asia program - <http://goo.gl/u9C3MS>
- Click here for information on their Asia Studies courses- <http://goo.gl/srLv22>

You can study an undergraduate major in Asian Studies at the following Victorian universities:

- La Trobe University: <http://bit.ly/2m2ugdL>
- University of Melbourne: <http://bit.ly/2mdcbJs>

And you can study Asian languages at all Victorian Universities. The following are two course examples:

- Deakin University: Bachelor of Arts – Chinese/ Bachelor of Commerce, <http://bit.ly/2lbMEIY>
- Monash University: Bachelor of Global Studies with a Major in Global Cultural Literacies, <http://bit.ly/2bNygej>

If the university you would like to study at doesn't offer the Asian language you are interested in, they may allow you to co-enrol with another university that offers the language.

Do you love maths, science and health?

Have you considered studying biomedical engineering? "Biomedical engineering sits at the intersection of technology and human biology – applying the latest developments in computing, robotics and nanotechnology to medicine to ensure a better life for all of us.

Biomedical engineers create new technologies that improve disease diagnosis, find new and better ways of patient monitoring, revolutionise medical treatment and so much more".

You can specialise in areas such as:

- Biomechanics
- Biosignal Processing
- Medical Imaging
- Biomaterials
- Neural Engineering
- Computational Modelling
- Tissue Engineering
- Surgical Instruments and Medical Devices
- Telehealth

"If you're fascinated by human anatomy and curious about artificial intelligence and robotics then you're going to love exploring biomedical engineering". UNSW have put together a website featuring different types of biomedical engineering and profiles of students and alumni, <http://bit.ly/1oWGNAd>

You can study biomedical engineering at the following Victorian universities:

- University of Melbourne: Master of Engineering (Biomedical), <http://bit.ly/2kCNOIM>
- RMIT: Bachelor of Engineering (Biomedical) (Honours), <http://bit.ly/2eFbRji>
- Monash University: Master of Advanced Engineering (Medical Engineering), <http://bit.ly/2kOW9Eg>

Keep in touch with La Trobe University and win!

Just by signing up to receive online updates from La Trobe University, you will go into a draw to win a holiday travel voucher. Sign up here-

Destination Monash: Make sure you bookmark the Destination Monash Tumblr page for updates on study skills, time management, and information about university life. All blogs have been written by current Monash students and are witty and entertaining,

<http://bit.ly/1j8VzRI>

Science news: Be inspired by the latest stories featured on RiAUS – Australia’s Science Channel. Some of the topics covered this week include:

- ◇ Sea ice, land ice, and rising sea levels
- ◇ Guide to deciphering weather radars
- ◇ The science of immortality
- ◇ The effect of summer heat on your blood and organs

Access the stories at this link - <http://bit.ly/2m2ud1E>

Do you have a passion for science and the ocean?

Have you considered studying one of the amazing programs at the Australian Maritime College located in Tasmania? They offer courses in:

- ◇ Ocean & coastal seafaring
- ◇ Maritime engineering – marine & offshore systems; ocean engineering; naval architecture
- ◇ Marine conservation, fisheries management and aquaculture
- ◇ Nautical Science
- ◇ Maritime & logistics management
- ◇ International logistics (freight forwarding)
- ◇ Maritime technology management

To learn about their programs, go to www.amc.edu.au/

Interested in agriculture and/or veterinary science?

To keep up to date with news and course information at the University of Melbourne Faculty of Veterinary and Agricultural Sciences:

- ◇ Follow the news blog at <http://bit.ly/2lmjlMe> and
- ◇ Join the Pre Ag Club at <http://bit.ly/1XZ6E6H>

Have you considered studying medicine in the future?

You may be confused about your future job prospects due to conflicting media reports. Some reports claim there is a shortage of qualified doctors in Australia and others claim there is an oversupply. My Health Career has written an article discussing these conflicting reports. You can access it here -

<http://bit.ly/2m1WGIln>

News from Macleay College: Macleay is a private college located in Melbourne and Sydney. Vocational and higher education courses include Advertising, Media, Journalism, Business, Marketing, Real Estate, Travel & Tourism, Public Relations, Event Management, Sport Business, Entrepreneurship, and Digital Media. The following are current news articles from the College:

- Read about the nine Walkley winners teaching the Journalism course
- Meet the industry leading lecturers teaching in Journalism, Advertising, Digital Media, Business and Marketing this year
- Watch the latest commercial produced by Advertising and Media students for CoverCard
- Learn about the Digital Media degree

You can access the articles at this link -
